CANYON RANCH GRILL™ TO DONATE 100% OF PROFITS FROM NEW MENU ITEMS TO HAITI RELIEF EFFORTS

Employee Created Dishes Reflect Haitian Cuisine

MIAMI BEACH, Fla. – January 20, 2009 – Providing support to the victims of the devastating earthquake in Haiti, Canyon Ranch Hotel & Spa Miami Beach invites South Floridians to satisfy their appetites and desire to give to the Haitian relief effort by trying new Haitian-inspired dishes at the Canyon Ranch Grill. Beginning this week, Canyon Ranch Grill will be featuring one new appetizer each week, with 100% of the profits from the dish's sale going directly to the American Red Cross.

The first appetizer, created by hotel culinary team member Jean Jacques Renel, is classic Haitian comfort food:

- Vegetable Haitian Ragu – Simmered vegetables, rice, beans and traditional Haitian spices - \$9

Each week, for the next three weeks, Canyon Ranch Grill will introduce another Haitian appetizer, shedding light on the country's native cuisine while raising funds for the relief effort. The new palate pleasers will also be in line with Canyon Ranch Grill's commitment to natural, organic and nutritional fare that is healthy and delicious.

"This tragic event has affected so many of our staff and guests at the property, and we wanted to give back in a way that honored the Haitian culture," said Matthias Kammerer, General Manager, Canyon Ranch Hotel & Spa Miami Beach. "Engaging our staff to share family recipes with our guests seemed like a natural way in which we can make our efforts personal."
